Leading Harvest Certification Body Fee Procedures

- I.** Leading Harvest Certification Bodies with membership status are required to pay annual fees to Leading Harvest. Leading Harvest fees are based on the calendar year.
- II.** Certification Body fees cover the cost of maintaining and administering the Leading Harvest Program, including ongoing update and promotion of the Leading Harvest Farmland Management Standard.
- III.** Certification Body fees are a flat rate of \$500 USD for all Certification Bodies with membership status regardless of size or location.
- IV.** In the case that a Certification Body fails to make payment in a timely manner, it may result in a termination of membership status.
- V.** Certification Bodies that join Leading Harvest during the calendar year will be assessed a prorated fee based on the month of their joining (e.g. if a Certification Body joins in April, their fee that first year will be 75% of the annual fee).
